A revolution in the making. Siasha Mastik has no hope of being a normal teenager. A lot has changed for Siasha Mastik over the past two standard years. She and Ace Nova, her spiritual mentor, have traveled the rim worlds of the Nowa Empire, secretly finding allies in the coming struggle to free the galaxy from the evil at its core. They now travel to Chandara VII, one of the most populous worldlets on the edge of the central systems of the Empire. A worldlet in a star system that has held a secret for one thousand years. A secret that may tip the balance of power and start an open revolt against the forces of the Nowa Empire. The most recent chronicles of the Zandeji, a long forgotten elite military force, continue in this sequel to Zandeji Chronicles 1 - Liberation. With this second book in an epic space opera of ultimate good versus ultimate evil, the author continues to expand a universe where religion is outlawed and the final destiny of all rests upon the strength of faith, hope and love.
