China's economic library Applied Economics a boutique series (1): urban and rural development. employment. household registration. and land-use systems linkage study reviewed the related theory of urban and rural development at home and abroad and the new Chinese urban and rural institutional change course from employment. residence and land use of the three basic elements associated with the internal economy start of employment Reform. reform of the household registration system starting point. the reform of the land use system to support protection linkage reform innovative ideas. and then a comprehensive analysis of the Reform of the the system linkage reform in key areas that promote the system linkage reform should be based on central top-level design and local implementation of classifications to find potential breakthroughs in...

### Reviews

*An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.*

-- Prof. Arlie Bogan

*It in a single of the best book. This is for those who statted there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dr. Barney Robel Jr.
