Random House USA Inc. Paperback / softback. Book Condition: new. BRAND NEW, Profiles in Murder: An FBI Legend Dissects Killers and Their Crimes, Russell Vorpapel, Joseph Harrington, Ann Rule, A victim is stabbed nineteen times but left in a peaceful, resting position. Was her killer a raging psychotic, or as timid as she was? In a charred house a partially clothed woman is found in her bed with a pornographic magazine and a mirror. Did she die in the fire -- or at a sex killer's hands? Before it was immortalized in "The Silence of the Lambs," the FBI Behavioral Science Profiling Unit was pioneered by Russell Vorpapel. Now the legendary profiler takes you into the most intriguing cases of his career -- actual cases of serial killings, sex crimes, celebrity murders, and hostage takings. Showing how profiling turns the chaos and blood of a crime scene into a psychological snapshot of a suspect -- his age, his personality, even the model car he drives -- Vorpapel illuminates the twisted minds of the most vicious criminals of our time. From the vampire murderer Richard Trenton Case -- who consumed the blood of his victims -- to Vorpapel's own duel with an assassin on the island of St. Croix, Profiles in Murder is the chilling real-life story of the human monsters who share our streets -- and the men and women who hunt them down.
