## VB.NET Language Pocket Reference

---

By Steven Roman, Ron Petrusba, Paul Lomax

O'Reilly Media, Inc, USA, United States, 2002. Paperback. Book Condition: New. 231 x 157 mm. Language: English . Brand New Book. Millions of programmers are learning Visual Basic , Microsoft s newest version of the Visual Basic language for productively developing applications. In that spirit of productivity, you don t always have the time or the ability to go back to your shelf of reference books to find the bit of information you need. Your answer is the VB Language Pocket Reference. Succinct and easy to use, this pocket guide is a quick reference for everyone making the transition from VB6 to VB. With VB, you re working with a very different framework and language than VB6; you ll welcome a reference book you can use easily and take anywhere. With concise detail and no fluff, this guide presents syntax and brief descriptions of each Visual Basic language element.

### Reviews

*Thorough manual for ebook fans. it had been writtern quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Dr. Catherine Wehner**

*Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.*
