## Anatomy of the Soul: Exploring the Science, Philosophy, and Spirituality of Human Existence

By Wade M. Youngers D. C.

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 210 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Anatomy of the Soul bridges the chasm between science and religion by uniting the fields of theoretical physics, evolution, human health, consciousness and spirituality. The adventure begins with an intellectual journey into the past, present and future of the human existence, from the moment of the Big Bang, and proceeds through millions of years of evolution to modern day. The journey continues as heart disease, eating disorders, and cancer are all discussed in relationship to both our evolutionary past and our present-day spirituality. The final chapter explores a scientific theory of consciousness, and how it relates to our earthly origin, our spirituality and a higher power. Anatomy of the Soul will satisfy the quintessential question of why we are here, and why we intuitively search for more meaning to life. This item ships from La Vergne, TN. Paperback.
