Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Japan as We Saw It In compiling this little volume for publication, its purpose should be understood as practical rather than literary. Many persons of moderate means and fond of travel desire to visit Japan, but are deterred from so doing by the lack of positive information as to the cost of making the journey and the methods by which it is made. The modes of travel, methods of living as travellers, and habits and peculiarities of the people herein given, are reproduced from the writer s journal without any attempt at literary polish, and are based on his own experiences. The expense is such as a man and wife desiring to see Japan under the most comfortable conditions must necessarily meet, when stopping at the best hotels or inns, travelling first class upon railways and steamships, and in other ways not attempting the close economy sometimes practised by travellers. The writer, with his wife, having devoted exactly four months to the trip, finds that - including cost of through tickets from Boston to Yokohama and return (\$435 each), sleeping-cars, dining-cars, living expenses at hotels and inns, wines and cigars, entertainment of friends, railroad, steamship, and jinrikisha expenses, wages and transportation of Japanese attendant, donations to servants, and, in short, everything but articles purchased - the entire cost is under \$2,000 gold; or, to be exact, \$1,875.05. It should however be borne in mind that practically as much may be seen, and at less expense, by those who are content to accept more humble accommodations.
