Acres U.S.A., Inc. Paperback. Book Condition: new. BRAND NEW, Goat Reflexology and Healing: Practical Advice for Alternative Therapies, Carrie Eastman, Holistic practitioners have been using contact reflex diagnosis, muscle testing, and dowsing to improve human health for centuries. For lifelong alternative medicine practitioner Carrie Eastman, applying these methods to her goat herd was just common sense. All living things are made up of electrical energy. Learn how to harness this energy to work with your goats in a way that is convenient, inexpensive, and safe for your herd. The Energetic Goat provides step-by-step instruction on the basic techniques, including common variations, as well as guidance on how to adapt other techniques to suit your personal preferences. Newcomers to alternative veterinary medicine will find the many photographs, diagrams, and sample case histories particularly useful, while veteran practitioners will discover new tricks and techniques to add to their repertoire, from the never-before-in-print human reflex point chart (used for surrogate testing) to the cross-reference chart of common goat health problems and popular treatments. This book also includes a timeline for transitioning your animals from conventional to holistic herd management, including tips on minerals, nutrition, and dealing with parasites. If you're ready to see your herd thrive without the use of harmful chemicals, just keep an open mind, examine the success stories of the techniques, and explore how these tests can be used to improve your own herd, right now, with whatever philosophy you follow.
