

Family Health and Science Festival: A Seek (Science Exploration, Excitement, and Knowledge) Event

By -

Children's Hospital Oakland, United States, 2010. Paperback. Book Condition: New. 269 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Family Health and Science Festival consists of 19 activity stations for an event to accompany SEEK (Science Exploration, Excitement, and Knowledge): A Curriculum in Health and Biomedical Science for Diverse 4th and 5th Grade Students. The festival can also be presented independently of the curriculum at schools, museums, and other venues. The festival stations cover nutrition, the brain, infectious diseases, environmental toxics, diabetes, asthma, the heart, and genetics. The curriculum and festival were developed under a Science Education Partnership Award (SEPA) from the National Center for Research Resources at the National Institutes of Health.

Reviews

An exceptional ebook along with the font applied was interesting to read through. it was actually written really completely and beneficial. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Mr. Hector Cole Jr.

This written pdf is wonderful. It can be written in easy phrases and not difficult to understand. Your lifestyle span will likely be enhanced once you fully look over this ebook.
