THE CHRONICLES OF JERAHMEEL (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Chronicles of Jerahmeel The present volume contains a collection of old-world legends and tales. The heroes are mostly biblical personages; hence the name given to it by me, Bible Historiale. It resembles in tendency and spirit these mediaeval compilations, and is their oldest representative. The Hebrew text exists only in one single manuscript. My translation is as faithful and literal a rendering as such a subject requires. Unlike others, I have followed the older example and have added a full index. It is a complete digest of the whole matter contained in the book. No incident of any importance has wilfully been omitted. For the purpose of preparing it and of facilitating critical and bibliographical investigations, I have divided the text into chapters and paragraphs. Indications in the manuscript guided me. In a long introduction I have investigated firstly the question as to the date and authorship of the chronicle as a whole; then discussed the place of its composition; the relation in which the chronicle of Jerahmeel stands to the Book of Yashar and to Yosippon. I have laid bare the connection with the Genesis Rabba Major of Moses ha Darshan; and drawn attention to the parallelism between this chronicle, the Historia Scholastica of Comestor, and other similar Christian compilations. In a second part of the introduction I have studied each chapter and each text separately, and I have minutely investigated each paragraph and smaller incident. Parallels have been adduced by me not only from the Hebrew but also from non-Hebrew literatures. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
