Benish This novel is based on the discovery of a single suspect when in 1993 the author, a detective, opens the cold case murder of Tracy Neef. This murder occurred in 1984. To the author s surprise there is a clear suspect that had been questioned in 1984, but erroneously categorized as having an alibi. There is microscopic evidence that indicates the perpetrator might be a welder. This suspect s occupation was as a welder. The author learns that there are similar welding particles left behind in other cases. The author interviews the suspect who lies when asked key questions. The author discovers that the suspect s previous arrests and sightings put him in close proximity to the Tracy Neef, Alie Berrelez, and JonBenet crime scenes. On July 9th 2008 the Boulder DA states that DNA has eliminated the Ramsey family as suspects in JonBenet s murder. The author believes that this suspect is a serial offender and is responsible for the murder of Tracey Neef, the abduction and assault of Michalel C. and the Murder of Ali Berrelez. The author believes that this suspect should be vigorously considered as a suspect in the murder of JonBenet Ramsey. The families deserve closure. The public has a right to know.
