*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

## POSTCAPITALISM: A GUIDE TO OUR FUTURE

Penguin Books Ltd, United Kingdom, 2016. Paperback. Book Condition: New. 200 x 134 mm. Language: English . Brand New Book. The most important book about our economy and society to be published in my lifetime Irvine Welsh From Paul Mason, the award-winning Channel 4 presenter, Postcapitalism is a guide to our era of seismic economic change, and how we can build a more equal society. Over the past two centuries or so, capitalism has undergone continual change - economic cycles that lurch from boom to bust - and has always emerged transformed and strengthened. Surveying this turbulent history, Paul Mason wonders whether today we are on the brink of a change so big, so profound, that this time capitalism itself, the immensely complex system by which entire societies function, has reached its limits and is changing into something wholly new. At the heart of this change is information technology: a revolution that, as Mason shows, has the potential to reshape utterly our familiar notions of work, production and value; and to destroy an economy based on markets and private ownership - in fact, he contends, it is already doing so. In this groundbreaking, Sunday Times top ten book, Mason shows how, from the ashes of the recent financial crisis, we have the chance to create a more socially just and sustainable global economy.
