GOVERNMENT IS A RACKET: WITHDRAW YOUR SUPPORT

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.People willingly support their government, because they have been convinced that government is a necessary tool for society to function; they have been convinced that government provides them with security, peace, freedom and prosperity. However, this narrative completely ignores the basic fundamentals of how every government operates. Government is, in practice, nothing more than a large group of people that claims it has the right to steal from, enslave, and murder in order to advance its agenda. It exists to benefit the very few at the expense of the very many. It is, in short, a racket, and it does not deserve the support of society. Benjamin D. Woodason, a former U.S. Air Force pilot, resigned his commission in protest upon learning the true nature of government. In this quick read, he exposes the evils of government in a way that is easy to understand. Whether you re a political expert or indifferent to politics, this book will forever change the way you perceive government.
